

HOLMES TELLS OF
PITZEL'S DEATHPRISONER GIVES HIS VERSION
OF THE AFFAIR.

Declares That His Confederate Committed Suicide in the Callowhill Street House, in Philadelphia—Police Still Working on the Case—Developments Made in Chicago.

Philadelphia, Pa., July 30.—The Bulletin prints the following:

"An entirely new statement has been made by H. H. Holmes, the supposed murderer of the Pitzel children. In it the man of many crimes gives in detail his version of how Pitzel came by his death last September and also states his (Holmes') connection with the tragedy."

"Holmes says that on the Saturday night preceding the death of Pitzel the latter came to his house on North 11th street, where he was living with 'Mrs. Howard.' Pitzel told Holmes a heart-rending story of his pecuniary difficulties and of the sickness of his daughter in St. Louis. 'I must have money,' he said, or words to that effect, 'to send to my wife in St. Louis.'"

"Holmes remonstrated with Pitzel as to his spendthrift habits and spoke substantially to him as follows: 'Ben, you have been a good friend of mine. I'll admit I have made lots of money through you, but I cannot keep this thing up. Where is that \$50 I gave you the other day? If you don't quit drinking you and I will have to separate.' Pitzel exclaimed: 'I am of no benefit to any one. I will soon get rid of my difficulties. Life has become a nuisance to me.'"

"Holmes then avers that he jokingly remarked to Pitzel: 'Well your body is as good as any other, but I would not advise you to do anything rash.'"

"Holmes accounts for making this remark by saying that he and Pitzel had under consideration the defrauding of the Fidelity Mutual Insurance company. Holmes says Pitzel then became angry and again vowed that he would commit suicide."

"Holmes then explains that Pitzel left him with the intention of going home. Holmes says he gave Pitzel no money that night, but promised to meet him at the Callowhill street house the following morning."

"It was about 10 o'clock the following day (Sunday), Holmes goes on to say, that he went to visit Pitzel at the Callowhill street house. When he reached the place no one apparently was about. Holmes sat in the kitchen for almost twenty minutes waiting for Pitzel to appear. The latter, Holmes supposed, had gone out for breakfast."

"Time wore on and 'Ben' was not to be seen. The conspirator then says that he became anxious about his friend's whereabouts and began to search the house for Pitzel. 'As I arose to go upstairs,' says the criminal, 'I noticed a note lying on the counter in the front part of the house. It was addressed to me.'"

"Then Holmes explains that he opened the note. It directed him to go up to the second floor and open a closet, in which he would find a large blue bottle containing another letter addressed to him. Holmes followed the directions. He found the note in the bottle as described and was horrified when he read it."

"It was from Benjamin Pitzel, and advised Holmes that his (Pitzel's) dead body could be found in the house. The letter pleaded that Holmes look after Pitzel's children, and suggested that there would be no difficulty in getting the insurance money from the Fidelity company now that the dead body of Pitzel could be produced in evidence."

"Holmes then told his friend of the appearance of the corpse, and said that he sat in the room with the body for over an hour. He was dazed and hardly knew what course to pursue. He finally made up his mind that since Pitzel had taken his life there would be no harm in destroying any evidence of suicide, so that he might be able to get the insurance on Pitzel's life without any difficulty."

"Holmes has confessed that he thereupon dragged the dead body to the second floor, laid the corpse on the floor, pried open the mouth of the dead man with a pencil and poured in a quantity of explosive chemicals. He then, he says, placed a lighted match to the man's mouth, when the explosion which so horribly disfigured the corpse followed. To give the more forcible impression that Pitzel came to his death by an accidental explosion, Holmes stated to his friend that he got a pipe of Pitzel's, filled it with tobacco, lighted it, then blew out the flame, after the tobacco had been partly consumed, and placed the pipe beside the dead man's body."

"It was nearly 4 o'clock in the evening before he left the Callowhill street house. He put on a hat of Pitzel's to partially conceal his identity and placed his own hat, which was a felt, under his coat. The criminal went directly to the Broad street station, so he alleges, and inquired at what hour the first train left for Chicago. Holmes says he does not distinctly remember at what hour the railroad officials told him a Chicago train would leave Philadelphia, but believes that it was between 8 and 9:30 o'clock at night. He then went to the house where he was staying and made preparations to leave the city. He and his wife, Holmes alleges, left for Chicago that night."

"It is understood that if the prosecution concludes to indict Holmes for the murder of Pitzel in Philadelphia they will produce a witness who, it is said, heard the conversation between Holmes and Pitzel on that eventful evening when the latter threatened to do away with his life. It has also been learned that the state has another witness who was on the train on which Holmes and his wife traveled to Chicago."

Denies Chappell's Story.

Holmes' attorney gave out another statement purporting to come from the state-conspirator, and relating to the statements made by Chappell.

of Chicago, to the effect that he had articulated four skeletons for Holmes. In the first place, Holmes declared that any medical man who failed to make a living by the practice of his profession adds to it in many other ways of calling into play his scientific knowledge. Accepting this idea himself, he said, he resolved to procure a number of skeletons, and when he found them expensive he concluded that to deal in the ghastly articles would be a lucrative business. Thereupon he procured a number of corpses and had them scraped and articulated, but the supposition that he had murdered people to obtain them he scouted as arrant nonsense. "I got them in a legitimate manner," he continued, "and I am prepared to prove it when the time comes. There is not a soul living in Chicago who can prove that I had anything to do with the disappearance of this aggregation of people of whose murder I am accused."

It has been learned that the authorities in this city have found among Holmes' papers several letters from Allen, who is in prison in Little Rock, Ark., implicating both in illegal transactions.

Developments at Chicago.

Chicago, July 30.—No time was lost yesterday morning by the detectives who are working on the Holmes case in getting an early start in the search for evidence. They went to the house at Sixty-third and Wallace streets and renewed their efforts to find new clues. Detective Norton opened two tool chests in the morning which were in the basement, and closely examined the contents. In one were found a hammer and a drawing knife, and the officer sent them to Inspector Fitzpatrick for inspection. The hammer bore several spots of a reddish tint, and the police think they may have been blood. The chests were found in a store room next to Patrick Quinlan's sleeping apartments. Many witnesses are being examined by the police, but their evidence is not given to the public for fear that others implicated in the crimes might take alarm and escape.

ILLINOIS LEGISLATURE.

Plan of Action to Be Decided On Today.

Springfield, Ill., July 30.—Not many members of the republican state central committee were on hand last night. Invitations have been sent to about 200 prominent republicans to be present and it is believed that a large number will be in attendance. The state central committee meets this morning, but Chairman Tanner says that no resolution bearing on legislative matters will come before the committee. In the afternoon, however, an open meeting or conference will be held, at which members of the state central committee, leading republicans from different parts of the state and republican members of the general assembly will be present. At this meeting the situation in the legislature will be considered. The indications now are that the legislature will adjourn by the close of next week at the latest.

There was a small attendance in the house when it met at 10 o'clock. Representative Challacombe introduced a bill for the repeal of the libel law passed at the regular session. It has an emergency clause attached. The bill was read a first time and placed on the order of second reading. Representatives May and Guthrie introduced bills regulating sleeping car charges. Senator Littler called the senate to order. Senators Crawford and McKinley were present. As soon as the journal was read Senator Crawford moved to adjourn and Senator McKinley seconded the motion and the senate adjourned.

Police Disperse Strikers.

New York, July 30.—Rioting attended with bloodshed occurred yesterday in the Hebrew colony in Sigel street, in Brooklyn, E. D., caused by some of the striking tailors attempting to prevent non-union men from working. The police after considerable trouble and liberal clubbing dispersed the crowd. Some of the strikers were hurt in the sharp skirmish. A number of shots were fired by the rioters, but so far as known no one was seriously hurt.

Chloroformed His Victims.

Elyria, O., July 30.—Edward Connelly of Lorain was arrested in that place and brought here for trial, charged with assault on a number of women. Mrs. Henry Roll of Lorain stated that Connelly engaged her to do housework. Instead of taking the woman to his home, he led her into the country, overpowered her, tore off her clothes and administered chloroform. Other women were similarly treated.

Thunder Storm in St. Louis.

St. Louis, Mo., July 30.—This city was visited by a terrific thunderstorm yesterday that raged for more than an hour. The rain fell in sheets, flooding the streets and sewers of the west end and doing considerable damage. A strong wind broke many trees, and two brick houses in course of erection were completely demolished. One of the workmen was badly hurt.

Kansas Legislature Must Convene.

Topeka, Kas., July 30.—An extra session of the Kansas legislature will have to be called next winter or the state university will have to be closed for lack of funds. The legislature last winter made an appropriation of \$200,000 to defray the expenses of the university for the coming two years, but failed to levy an assessment for the purpose.

Flood in Colorado.

Central City, Col., July 30.—A cloudburst did great damage here and at Blackhawk yesterday afternoon, and for an hour the streets were roaring torrents. Flumes, wagons, packing boxes and outhouses were swept away, and for nearly a mile the Central City branch of the Union Pacific, Denver & Gulf railroad was covered with mud, black and debris to a depth of several feet, blocking all traffic. A number of business houses suffered heavy loss from flooded cellars.

INDIAN OUTBREAKS.

Reliable Reports Say the Troubles Have But Commenced.

Salt Lake City, Utah, July 30.—Reliable information received in this city is to the effect that several collisions between Indians and whites have occurred, not, however, in Jackson's Hole, but nearer the Teton country. Much of the matter that has already been published in regard to the trouble has been exaggerated, although there is no doubt blood has been shed, and that within the past day or two. It is the general impression of the men who have had experience in Indian troubles that the trouble has but commenced.

Alibi for the Taylors.

Carrollton, Mo., July 30.—Dr. Craig of North Salem, Linn county, was the first witness for the defense in the Taylor murder trial yesterday. He was relied upon to impeach John Harris, a witness for the prosecution. Albert Taylor, a brother of George and "Bill" swore that George Taylor went to Brownings about 1 or 2 o'clock on the afternoon of May 10, 1894. He next saw his brothers at his home after the murder. They were on horseback, but they soon after disappeared in the woods. Albert saw no blood on the wagon in which George drove to Brownings. Mrs. David Gibson, George's mother-in-law, was at her daughter's house the night of May 10, and said George was there all night.

Disastrous Fire in Hamburg.

Hamburg, July 30.—A fire broke out here in a warehouse belonging to the bonded spirit company of Steinwarder in this harbor and spread to several other warehouses in which were stored a quantity of Holland gin, 50,000 sacks of sugar, 20,000 barrels of lard and a large amount of ivory, all of which merchandise was destroyed. The water for a long time was covered with flaming spirits and several other buildings were endangered before the flames were extinguished. One man lost his life during the progress of the fire. The damage done amounts to over a million marks.

Gale Fans Forest Fires.

Gladstone, Mich., July 30.—Extensive forest fires are raging in the northwest of this city and considerable apprehension is felt for the Soo Railroad company's round-house and the plant of the Washburn company. A strong gale is blowing from the northwest and unless it stops soon or shifts considerable property will be destroyed, as much of it lies beyond the reach of the city water plant. The fire at present is in the Goodman addition, northwest of the city.

London Suffers for Water.

London, July 30.—The meager supply of water in the eastern part of London is causing increased suffering to the inhabitants of that section. The streets are filled with women offering 3 pence or more for a bucket of water, but they are unable to get it for the very good reason that there is none. The death rate in East London has been doubled since the companies began turning off the flow of water except for about two hours in the twenty-four.

Durrant Case Slow.

San Francisco, Cal., July 30.—The principal feature of the Durrant case yesterday was the defendants' application for a judicial order to prevent the production of a play called "The Crime of a Century," based upon the Emanuel Church murders. The prosecution joined with the defendant in a request for a restraining order which was granted. The work of procuring a jury proceeds slowly.

West Bend, July 30.—Henry Karcher's store at Barton was entered last night. The safe was blown open and five hundred dollars in cash stolen.

SPANISH TROOPS HEMMED IN.

Maceo at the Head of 6,000 Insurgents Attacking Jiguani.

Havana, July 30.—It is asserted here that Antonio Maceo, at the head of 6,000 insurgents, is attacking the town of Jiguani, near Bayamo, in the province of Santiago de Cuba. General LaChambre, with 2,000 troops, has gone to the relief of Jiguani. No further details are obtainable at present.

The guerrilla forces of the Songo district and a detachment of men from a Cuban regiment numbering 100 soldiers have dispersed the insurgents near Songo, province of Santiago de Cuba, the enemy leaving two killed on the field.

Lieutenant Colonel Talavera, in command at Baracoa, hearing that the insurgents had burned the village of Sabana, not far from Baracoa, in order to force the garrison to surrender, left Baracoa on a steamer recently, having on board 300 soldiers, and landed at Mataabay under the protection of the guns of the cruiser Alsedo, which shelled the woods and other spots likely to shelter the insurgents. The troops then started for Sabana and met and dispersed the insurgents, who left eight men killed upon the field. On the side of the troops only four men were wounded. The garrison of Sabana made a heroic defense and was many hours without water. Lieutenant Colonel Talavera, fearing that Baracoa might be attacked, re-embarked his troops, after having destroyed the fort at Sabana.

Antonio Maceo, with 3,000 insurgents, recently attacked the fort at Bayare. The garrison, consisting of forty men, made a gallant resistance until they had fired their last cartridge, after which the soldiers broke their weapons into pieces, so that they should not be fit for use when they fell into the hands of the insurgents. It is rumored that a filibustering expedition has landed at Caturanes.

A detachment of soldiers from the Colon regiment has had a skirmish with the insurgents near Gibara, the coast town of Holguin, with which it is connected by rail. The insurgents left nine killed and fourteen wounded on the field. The troops captured one prisoner. The expedition has been landed under the command of Roloff and Sarafin Sanchez.

LYNCHING IN INDIANA.

Mob of Infuriated Farmers Deals Out Summary Justice.

Jeffersonville, Ind., July 30.—Reports have reached here from Crawford county that the residence of John King, a wealthy farmer, was robbed and then burned to the ground Sunday night, the family narrowly escaping cremation. Friday night the residence of County Commissioner Willis Harvey was plundered. Bloodhounds were sent from Seymour and turned loose and immediately took the trail. A mob of infuriated neighbors followed the hounds for several miles, when two men were caught. It is claimed these two men were lynched. If caught, the rest of the gang will also be lynched.

Killed During a Storm.

Keokuk, Iowa, July 30.—Lightning yesterday killed Charles Crum and destroyed Charles Vanarnum's barn with sixty tons of hay and two mules. A heavy rain prevailed here all day.

Sioux City, Iowa, July 30.—Considerable damage was done in and about the city by a violent wind and rain storm about 3 o'clock last night. A number of small buildings were unroofed and trees blown down in all parts of the town. In the business part of the town the water was a foot deep in the streets and many basements were flooded.

Suspect a Missing Man.

Indianapolis, Ind., July 30.—The detectives have taken up several new clues to-day in the Ida Gebhard case and hope for success. Two men who lived in the neighborhood have disappeared since the crime was committed, and the detectives are inclined to believe that one of them is guilty. The father of the murdered child has returned from Michigan, where he went to bury the child. He brought with him testimonials as to his character and of his wife. He was led to do this by the circulation of a report that they had perhaps disposed of the child themselves.

Band of Outlaws Routed.

Hennessy, O. T., July 30.—Sunday night six men, heavily armed and mounted, rode to the store at Parvin and bought ammunition. The vigilantes started in pursuit and were ambushed, the outlaws fatally wounding one named Nickerson. Marshal Johnson's horse was wounded. Later fifty vigilantes came upon the six outlaws where they were preparing to camp. The bandits escaped, leaving seven horses, most of the ammunition, part of their clothing and all their provisions. Some are barefooted and one is badly wounded. One bandit was captured.

Cardinal Returns to Paris.

Paris, July 30.—Cardinal Gibbons is expected to return to this city tonight from Reims. He will spend a few days at the St. Supplice seminary here before returning to the United States.

DIED JUST AFTER MAKING A WILL

Chicago, July 30.—William Herm-house made his will yesterday afternoon and died suddenly two hours afterwards. The police are investigating.

HEAVY FIRE LOSS IN FRESNO

Fresno, Cal., July 30.—The courthouse burned last night. All three records were saved, but the loss is fully one hundred thousand dollars.

END OF HARRIS-HARVEY DEBATE.

Arguments in the Silver Discussion—Given a Vote of Thanks.

July 30.—The final marshalment of gold and silver, respectively, took place yesterday afternoon at the Illinois club. Mr. Harris began by saying: "As the sun is the center of the solar system, so is England the center of the commercial solar system to-day. But under free coinage of silver and gold the United States would be the center of the world's commercial system."

Mr. Harris repeated his criticisms of Harvey's statistical tables, and in defense, Mr. Harvey said that the only quotation in "Coin Up to Date," not confirmed before printing was the one from Mr. Wright, and that in the letter editions of the book it did not appear.

Proceeding to the question of the hour, Mr. Harris stated it as follows: "Can this nation alone establish free coinage of silver at the ratio of 16 to 1?"

"Nations by their laws do not fix the value of things," said Mr. Harris. "The ratio of the metals is now wide apart. The ratio of 16 to 1 is a thing of the past. Always relative values have been fixed by the people, not by legislation. The people determine the kind of money they desire, and use that. And desire is demand, hence all this talk about fixing by law the ratio between two things is useless, for legislation has no more to do with it than it has with compelling water to run up hill or reversing Niagara. Harvey says the unit is worth too much, and should be reduced, because we are all in debt, and it should be easier to pay those debts. These debts have all been contracted with the gold dollar as the measure. To relieve the payment of them by such a trick of legislation would be repudiation, particularly in case of debts contracted recently. Can we benefit the people of this republic by making the dollar mean about one-half as much as it means now?"

Mr. Harvey read statistics on the use of silver and gold, and proved that the demand for gold for ornaments and in the arts very nearly equalled its total annual production. "I lay down the principle that the more costly either metal becomes, the greater is the demand for it among the rich. The use of metal for money increases its value. There is not enough gold in the world for monetary purposes."

"Who would be benefited by scaling down all debts?" asked Mr. Harris. "Monarchs used to think that they could bless a people by clipping coins. It took ages of business sense to drive out that notion. Such efforts have always ended and will always end in robbing the people—the common people."

"An increased supply of good money, silver and gold, has always advanced civilization," said Mr. Harvey. "With the demand thrown on silver its value would rapidly advance. If on the second Tuesday of November, 1896, a bimetallic congress should be elected, you would have passed the breakers in a day. Next morning silver would begin to advance and gold to decline, and the metals would come together before the act was passed."

"Silver legislation would have a destructive effect on all credit," said Mr. Harris. "and if tried will bring upon this country panic unprecedented. The entire yearly product of silver in this country, about which so much stir is made, is worth only about as much as the eggs laid by the hens."

Mr. Harvey exhibited a gold dollar which had been melted down, and told how the farmer had to raise two bushels of wheat for a drop of gold. "There is more stability in two metals than in one," said Mr. Harvey. "and the free use of silver in the United States would force a party just as it did before 1873."

Mr. Harris scoffed at the demand for a dual standard. "The money of final redemption must be worth as much as gold, and silver has had its days as the money of final redemption." Taking up international bimetalism, Mr. Harvey said: "With independent action on the part of the United States other nations would follow her example. She is more powerful than England, France, Mexico and South America would follow at once. It was said that 'the way to resume was to resume,' and the way to monetize is to monetize. We will wait for international bimetalism from England forever in vain. Her legislation is controlled by money changers, and they are getting two pieces for one under the present system. Let us legislate for the people, not for the money lender."

In closing, Mr. Harris presented Mr. Harvey with two coins, "belonging," said he, "to a nation you admire, China. One is silver and the other copper. The latter is worth one-tenth of one cent. The silver tael is the unit there, for silver is the natural money of a country of low civilization. Would you base our monetary system upon that of a nation that has ceased to grow? Progress has brought us to a new and better system. The business of a country must be done on a basis of honesty. Free coinage of silver is repudiation."

In accepting the exchange of souvenirs Mr. Harvey disapproved of Mr. Harris' words against the white metal. "Silver was struck down like Caesar," said Mr. Harvey. "and the assassins, like them, exclaim, 'We are honorable men.' I bear an encouraging message to the distressed people of the United States. We are fighting to-day the battle of liberty for the world against the oppression of the money power. Never was civilization so dependent upon the action of any one nation as the world is dependent upon the action of the United States to-day. Europe is enslaved. We need a declaration of independence against the financial laws of England or any other country."

GROVER WILL NOT
BE A CANDIDATE

NO THIRD TERM FOR PRESIDENT CLEVELAND.

Those in Position To Know Give Out This Declaration Today—Positive Announcement Signed By the Chief Executive Will Follow Before Long.

Buzzards Bay, July 30.—Mr. Cleveland is not a candidate for a third term. At the proper time he will make an announcement in positive terms over his signature. This was the declaration given out today by one who is very near the president.

ELECTIONS CAUSE RIOTS.

Police Called on to Quell Turbulent Frenchmen.

Paris, July 30.—The elections of members of the councils general have resulted in the republicans gaining three quarters of the seats. There were several election fights at various places in the provinces. At Roubaix, in the department of the north, there was a collision between the republicans and the collectivists and the gendarmes had to charge repeatedly before the disturbances were quelled. A number of persons were injured and a few arrests were made. Serious riots accompanied by bloodshed are reported to have occurred at Brabantine near Marseilles. The troops have been dispatched to the scene of the rioting.

Fund for Mrs. Ira J. Chase.

Wabash, Ind., July 30.—The fund to aid the blind widow of the late ex-Gov. Ira J. Chase, once famous as the "soldier preacher," has reached in the neighborhood of \$2,000 as the result of nearly two months' effort on the part of the committee, but this is regarded as scarcely a satisfactory return for a state with a population of over 2,000,000 people, and a further appeal will shortly be issued. Of the individual subscriptions so far received fully 40 per cent are from outside states, Ohio, Kentucky, Illinois, Iowa, Kansas, Michigan, Missouri, New York, and Washington, D. C., being well represented.

Dividends for Bank Creditors.

Washington, July 30.—The comptroller of the currency has declared dividends in favor of the creditors of the insolvent National banks as follows: 20 per cent, First National Bank of Kearney, Neb.; 25 per cent, First National Bank of Redfield, S. D.; 20 per cent, Baker City National Bank of Baker City, Oregon; 7 per cent, First National Bank of Cedar Falls, Idaho; 20 per cent, First National Bank of North Manchester, Ind.; a final dividend of 1½ per cent, First National Bank of Pine Bluff, Ark.

After Stolen Money.

Sacramento, July 30.—John Brady, the train robber, will go to Marysville with two detectives to endeavor to show them where Browning, his companion, buried \$53,000 which they stole from the Wells-Fargo Express company a few months ago. Brady says he does not believe the money will ever be found, as he has but a faint recollection of where it was buried and Browning was killed while trying to commit another train robbery.

A Chicago Judge Dead.

Chicago, July 29.—George F. Blanke, one of the judges of the superior court, died suddenly of heart disease at his home, 1734 Dunning place, last night. In January last Judge Blanke had an attack of pneumonia, which was so sudden and violent that it was reported at the county building he was dead, and some of the courts were adjourned out of respect to his memory. His death is believed to have resulted from the attack of last winter.

Saw His Wife Kill Them.

Huntington, W. Va., July 30.—Charles Ringo, stepfather of the two little Findley children, who were murdered and thrown into the Ohio river here March 18, has confessed that he was an eyewitness to his wife murdering the children, and says he could withhold the secret no longer. The affair caused a sensation here, as it was one of the most brutal crimes which has ever happened in the county.

Denver Bank Closed.

Denver, Colo., July 30.—The Union National Bank of which R. W. Woodbury is president, has closed. It will liquidate its affairs and go out of business. The Union bank was closed during the panic in 1893, but subsequently resumed business and later was consolidated with the State National Bank, which also was closed during the panic. It is said the depositors will lose nothing and business will not be seriously affected.

War Prisoners Released.

Havana, July 30.—Before leaving Manzanillo for Cienfuegos, Capt.-Gen. De Camillo pardoned all the political war prisoners and ordered them to be set at liberty. The prisoners thus released include many who were under sentence to be shot according to military law, and others who had been condemned to imprisonment in the African colonies.

Pottawatomie Troubles.

Topeka, Kas., July 30.—Sheriff Naylor of Jackson county is in Topeka and will ask for state troops to put down an uprising of the Indians on the Pottawatomie reservation. The sheriff says there are fifty armed redskins awaiting to resist any attempt to arrest any of their number.

Petroleum Market Not Divided.

St. Petersburg, July 20.—The directors of the Russian petroleum companies say in the Novoe Vremya that they have not arrived at an agreement with the American petroleum syndicate to partition the petroleum market.

TAX LEVY FOR 1895 FIXED AT \$86,712

COUNCIL ORDERS A STEAM
ROLLER COSTING \$3000.

School Fund Increased to \$23,000 and
Peace Reigns—Oak Lawn Hospital
Directors Visit the Meeting and
Get Assurances of Aid in the
Future.

A street roller was ordered, the tax
levy was fixed at \$86,712.50, and steps
were taken toward relieving Oak Lawn
hospital at the council meeting last
night.

A short session, but busy.

All the aldermen except Alderman
Heddes had settled down to a half-
hour of minute-reading when there
was a rustle on the stairs, and five
ladies filed in—Mrs. E. D. Tallman,
Mrs. C. S. Crosby, Mrs. L. R. Treat,
Mrs. M. P. Leavitt and Mrs. Sarah H.
Carrington. With them were W. T.
Vankirk, F. C. Haselton, Dr. J. B.
Whiting, C. B. Conrad and I. C. Brown-
ell. The ten representing Oak Lawn
hospital gathered in a corner of the
council chamber and waited while dry
municipal details were gone through
with. When the street roller question
had been settled, the council gave
them a hearing. Dr. J. B. Whiting
was spokesman, and outlined the posi-
tion of the hospital directors as that
of trustees, the custodians of a most
important trust. He sketched the
growth of the city hospital from a little
house rented by a few charitable
people for the reception of the unfor-
tunate. The work grew until successive
removals took the hospital to Oak
Lawn. The withdrawal of support
that led to the closing of the hospi-
tal was mentioned. The closing was
a mistake, the speaker thought. The
work was of solid value to the city
and abandonment meant the dissipa-
tion of a property provided for a
glorious purpose.

Should Legacies Be Abandoned.

Gifts and legacies—one of \$2,000,
one of \$1,000 and one of \$500 a year
were assured. Could the city afford
to forfeit these benefits? A modest
appropriation from the city would
carry the work along and make un-
necessary the loss of the funds al-
ready in sight.

President Vankirk echoed Dr.
Whiting's sentiments. A small ap-
propriation would bridge the gap, he
said until the Bennett and other funds
were available.

Mayor Baines said he realized the
city must provide an emergency
hospital before long, but thought the
council had no power under the pre-
sent charter to appropriate hospital
funds. City Attorney McElroy said
the council could do nothing at pre-
sent but could get power by adopting
subdivision 23, section 52 of the uni-
form charter. An ordinance was
drawn providing for the adoption of
this subdivision and was introduced
by Alderman Burnham and had its
first reading. The ordinance is to be
published once each week for three
successive weeks, together with notice
that the common council will act upon
the same at a regular meeting to be
held August 26, 1895.

Street Roller to Be Bought.

The street roller question was
brought up by Alderman Hemming's
motion that the highway and bridge
committee be authorized to buy a
roller.

Alderman Burnham wanted the
manufacturers to bring machines here
and give them a test on Janesville
streets. Alderman Smith felt the
same way. Alderman McLean and
Inman said Rockford conditions were
almost identical with Janesville's and
that the work of the roller there
showed that Janesville could not buy
one too soon. Alderman Burnham's
motion for a Janesville test was re-
jected and the purchase of a roller
was ordered, Alderman Hemming,
Inman, Kothman, McLean, Stearns
and Sutherland voting aye; Alderman
Burnham, Smith and Winslow voting
no.

The roller chosen is the Pitts, made
in Buffalo and listed at \$3,500. It
will cost the city a trifle under \$3,000.
Engineer Bleedorn reported that
947.1 square yards of paving had been
laid on Milwaukee street bridge and
824 13 on Fourth avenue. This made
a total of 1751.23 yards, which at
\$1.14 a yard footed up \$2005.16.

This Year's Tax Levy \$86,712.50.

The amount allowed the schools for
the coming year was raised to \$23,000.
Alderman Stearns said that when the
school committee fixed the sum at
\$21,500, they supposed this
was an advance of \$3,000
over last year. The reduction of
\$1,500 in the sum received from the
state had not been allowed for, how-
ever. To provide for this the committee

recommended an appropriation of
\$23,000 for school purposes.
Alderman Hemming's order provid-
ing that the sum of \$86,712.50 be
raised by taxation for the coming year
was adopted. The total is divided
among the various funds as follows:

General fund.....	\$10,500.00
School fund.....	23,000.00
Highway, street and bridge fund.....	28,800.00
Fire department fund.....	11,000.00
Bonded debt fund.....	11,312.50
Library fund.....	3,000.00
Judgment fund.....	1,200.00
First ward fund.....	\$2.50
Second ward.....	1.250
Third ward.....	2.500
Fourth ward.....	2.500
Fifth ward.....	1.800
Total.....	\$86,712.50

Last year the tax levy was
\$76,800.

On motion of Alderman McLean the
major was instructed to borrow \$1000
for the fire and water fund, to bridge
the gap until the tax money is availa-
ble.

Orders were adopted as follows: By
Alderman Stearns to repair North
River street, from Racine to Mineral
Point avenue; to build crosswalks
over Ravine at High and Academy, on
High at Ravine, on Washington at
Bluff, on Wall at Franklin. By Ald.
Smith—That legal notice be served
for new sidewalk on Center avenue.
By Ald. Kothman—Crosswalk over
Pleasant street, on west side of Frank-
lin. By Alderman McLean—For re-
pairs on West Milwaukee street; for
cleaning Fifth ward gutters; granting
permission to the Congregational
church to erect a frame parsonage with-
in the fire limits.

"Church folks are privileged char-
acters," said Alderman McLean gen-
erously, as he moved the adoption of
last the order.

On motion of Alderman Burnham,
Hyatt street west of Cornelia street
was set off and named West Hyatt
street. The name for the rest of the
thoroughfare is unchanged. The
street east of Cornelia may be graded,
the grade and profile being approved
last night, but it will be years before
the west half of the street will call
for improvement, and the change in
name is to shield tax payers.

BRIEF LOCAL NEWS NOTES.

If we told you we sold two billion
four hundred thousand and twenty
two pair of shoes last season it would
almost equal the Quick Meal yarn you
had for Saturday night. People who
don't eat nor sleep we suppose have to
do something. Annanias would hide

BASE BALL THE FAD AT MILTON TOWN

THE HOME NINE WAS AWARD
ED FRIDAY'S GAME.

Edgerton Nine Left the Field When a
Slight Rain Fell—An Association
Is Formed—Shaw-Campbell Nup-
tials—C. H. Maxson's Long Bicycle
Trip—Other News of the County.

MILTON, July 30.—On Friday after-
noon the Edgerton ball team came
here to play a return game with Mil-
ton. The home team was handi-
capped by the fact that their pitcher
did not put in an appearance until
the hour arrived for calling the game.
He was obliged to ride in on a wheel,
something he is not accustomed to do,
and was not in a good condition to go
to the box. For five innings the vis-
itors blanked Milton while they made
five runs. In the sixth Milton caught
onto Sullivan's delivery and scored
twice. Edgerton got a run in their
half of the seventh and when our
boys were at bat in their half, with
only one man out, a light shower be-
gan. Manager Underhill took his
men off the field, despite orders from
the umpire that they
remain, and the game
under the rules, was most properly
awarded to Milton by a score of 9 to
0. Nine-tenths of the spectators
were of the opinion that our team
would have won had the nine innings
been played.

An Association Formed.

The Miltons played with the Evans-
ville club in that village Wednesday.
Our boys put up a good game, the
score being 7 to 3 in favor of Evans-
ville. On Tuesday evening a meeting
was held at G. A. R. hall of those in-
terested in the game and an associa-
tion organized with the following
officers: President, E. A. Holmes;
Secretary and Treasurer, F. M. Palm-
er, Directors, W. W. Clarke, T. I.
Place and F. R. Morris. Some twenty
of our citizens have already joined
and it is hoped that many more will
unite. Its object is to back up the
club in their efforts to play a ball
game and look after the expense ac-
count. A meeting of the association
will be held tonight at G. A. R. hall.
All interested are invited to attend.
Tomorrow the Evansville club and
Miltons play here. The game at Ev-
ansville was 7 to 3, and there will be
fast ball tomorrow. Everybody is
invited to the game.

Shaw-Campbell Nuptials.

Professor Edwin Shaw, of the Latin
department of Milton college, and
Miss Nellie Campbell were united in
marriage at the home of the bride's
parents in the town of Harmony,
Wednesday evening. They will be at
home, corner of College and Rogers
streets, on and after August 15. We
take pleasure, in common with the
community at large, in extending con-
gratulations and best wishes. J. B.
Anderson, of Clinton, was a visitor
here this week. Mrs. C. H. Goodrich
is at Lake Monona this week. Miss
Lindley, of La Crosse, is visit-
ing Mr. and Mrs. O. D. Crumb.
Mrs. E. L. Hyde, of Boston, is
the guest of Milton relatives.
Mrs. M. O. Sherman of Whitewater,
is visiting her sister, Mrs. J. E. Water-
man. Mrs. M. A. Waterhouse of Port-
age is a guest of Dr. Borden's. Rev.
E. M. Dunn occupies the pulpit at the
Congregational church tomorrow
morning.

C. H. Maxson's Long Ride.

C. H. Maxson rode his bike from
Chicago to this village, 108 miles,
Wednesday in nine and one half hours.
Professor P. L. Clark, late of High-
land, has accepted the principalship
of the graded school. The Miltons go
to Stoughton Monday and play ball
with the club at that place. Mr. and
Mrs. F. M. Palmer are entertaining
Mrs. Stella May of Ft. Atkinson.
Messames Henning and Adams of
Janesville, were visitors at Mrs. Clem
W. Crumb's this week. Mr. and Mrs.
Frank Bond of Iron River,
Michigan, visited their sister,
Mrs. E. B. Saunders this week. Mrs.
H. S. Gould had a handsome night
blooming cereus in blossom early in
the week. Major E. M. Hamilton and
relatives plinked at Koshkonong
Wednesday.

Cyclers Take a Trip.

A party of twenty cyclists from this
village and the Junction made a run
to Lake Geneva and back Sunday.
They covered the distance, sixty-one
miles, in four hours and thirty min-
utes. Ex-Treasurer Burdick, of Wal-
worth, spent Sunday in the village.
The Milton club played at Palmyra
yesterday. Emery Burdick and
wife, of Janesville, visited their
Milton kindred last Sunday.
A number of people from this village
are at Lake Monona, but not so many
as in previous years. Janesville wheel-
men were numerous here on Sunday.
W. R. Young, of Wauwatosa, was a
guest of Mr. and Mrs. O. Friddell, Sun-
day.

latives and friends in this place. Miss
Alice Smith has returned home after a
pleasant visit in the east. Mrs. A. A.
Allen received news of the death of
the infant son of Mr. and Mrs. D. H.
Billings, of Fayetteville, Ark., former-
ly of Janesville. The little one had
only been sick a few days. Mr. and
Mrs. Billings have the sympathy of
their many friends here.

You Needn't Buy.

We don't feel badly when anyone
comes and looks at our goods and
leaves without buying. We are glad
to see them anyway. All that we
want for our goods is intelligent com-
parison with others. We don't want
to sell a single solitary thing if we
cannot do better or as well for the
buyer than anybody else can or will.
There is no other concern in Janesville
that has a better selected or more var-
ied stock of high grade dry goods
than we have. There is no other
store in the city where you can buy a
general bill of goods as cheap as you
can of us. Bort, Bailey & Co.

Giving a Lift.

There is nothing like lifting a boy
into a new pair of "Brownies." It
adds sunshine to the glorious spring-
time of life, and makes his little heart
palpitate with joy and pride. Come
out of your shell and wear good over-
alls for thirty cents. All wool pants
worth \$3 and \$3.50 at \$1.95.
Shoes worth \$1.75 at \$1.15. Ladies
\$3 shoes at \$2; gentlemen's fine don-
gola shoes worth \$2.50 for \$1.50. Low-

LOCAL TRADE HURT BY THE AMERICAN

EXPRESS COMPANY'S PLANS
TO HURT JANESVILLE.

Buyers of Chicago Merchants and De-
livers the Goods Here on Evening
Trains—Employs a Special Man To
Solicit Orders—Bower City Busi-
ness Is Ignored.

This is the shopping circular sent
out by the American Express Com-
pany:

"Special express service on the Chi-
cago & Northwestern railway between
Chicago and Rockford, Sterling, El-
gin, Racine, Janesville and interme-
diate stations. The American Express
company now offers to merchants,
manufacturers and residents on the
lines of the Chicago & Northwestern
railway, unequalled facilities for ob-
taining goods, household supplies,
etc., from Chicago. A special Chi-
cago buyer of twenty years'
experience has been employed
to attend exclusively to the filling of
orders for patrons on this line. Hav-
ing special wagons at his command,
orders received on the morning trains
are filled on noon or afternoon trains,
giving quicker service than ever be-
fore without extra charge or commis-
sion. For supply of order blanks and
full particulars call upon agents of
the company. American Express
Company. A. Antisdal, general man-
ager, Chicago."

Business Men Wronged.

Janesville business men may well
protest against this. The American
Express company lives off the business
furnished by merchants. In reciproc-
ation it enters into this arrangement
to injure every place along the line.
In the goodness of its heart it employs
a special buyer to do business for Chi-
cago merchants at the expense of the
merchants in the cities of Janesville,
Rockford, Sterling, Elgin and Racine.

Can the company afford to build up
business through the injury of its
best customers? As long as its policy
of town-injuring is kept up, business
men will feel like giving it a severe
letting alone. What is sauce to the
goose is sauce to the gander. The
American is building up a scheme to
hurt Janesville trade, and it cannot
expect Janesville merchants to throw
as much business its way as when con-
ditions were different.

In justice to local agents it should
be said that most of them have op-
posed the purchase scheme from the
start.

LACEY'S TROUBLES NOT LOVE.

Beloit Paper Retracts Its Story About
Jealousy Playing a Part.

When W. H. Lacey said his arrest
for embezzlement was due to jealousy
he stirred up a hornet's nest. The
Beloit News published his statement
and now takes it back saying:

"The statements made by W. H.
Lacey as published in yesterday's
News are malicious falsehoods. The
young lady only knew him as an ac-
quaintance and the remarks he made
are willful lies."

It had been declared that Lacey and
his employes both loved the same Be-
loite girl and that Lacey took \$75 from
the drawer and went to Beloit from
Beed City to have a "time."

THIS DAY IN HISTORY

1388—James, earl of Douglas, was killed at Otterbourne.
1718—William Penn died at Ruscombe in Berkshire, England; buried at Jordans in Buckinghamshire; born Oct. 14, 1644.
1750—John Sebastian Bach, musical composer, died; born 1685.
1760—The last three gates of old London city—Dowgate, Billingsgate and St. John's gate—were torn away and all distinctions of trade, etc., abolished.
1768—Captain James Cook sailed from Deptford on the first of his three famous voyages.
1871—Boiler of Staten Island ferryboat Westfield exploded; about 100 killed and as many more injured.
1875—George Edward Pickett, hero of Gettysburg charge, died in Norfolk; born 1825.
1882—Severe lightning storms in the United States.
1894—Walter Pater, an eminent English author and essayist, died at Oxford; born 1839.

Seth Low's Brilliant Career.

In many respects the Hon. Seth Low, president of Columbia college, stands alone among educators. He is undoubtedly the richest college president in the world. When he was chosen president of Columbia, he was the youngest chief executive of any great educational institution, for he was then barely 40. His career throughout has been remarkable. He was born in 1850, and his father was a Brooklyn merchant. In 1870, at 20, he was graduated from Columbia college. He quickly mastered all the details of his father's extensive business,

SETH LOW.

and when 24 took the management thereof. A year later, when he was 25, during the hard times of 1875, he originated a plan by which any man in Brooklyn who wanted work could get it. During the Garfield campaign in 1880, when Seth Low was 30 years old, he was the foremost Republican in Brooklyn, and a year later, at the age of 31, he was elected mayor of his native city. He was elected president of Columbia in 1890, and now, at 45, he has given \$1,000,000 to be expended in the erection of a library for his college.

Booming the Atlanta Fair.

The whole world just now is talking about the coming Cotton States and International exposition in Atlanta, and this gratifying fact is largely due to the work of Walter G. Cooper, who is at the head of the department of publicity and promotion. Mr. Cooper finds the United States government is the greatest advertiser an enterprise can possibly enlist in its behalf. It has an army of agents scattered throughout the world, and once

WALTER G. COOPER.

his army begins the work of interesting the peoples of the earth the success of a great exposition is assured. Another great vehicle for spreading the news and gossip of a great exposition is the daily, weekly and trade press. Next to the press the railroads furnish the best medium of publicity in this country. Over a hundred lines and systems are distributing the exposition prospectus, and a large proportion of them are using exposition cuts on their own literature.

Advance of the Troops.

Market Lake, Idaho, July 30.—A courier from the United States troops near Canon Creek, Idaho, brings news that the impossibility of settling the present Indian trouble in a day grows more apparent all the time. If the Indians are inclined to be hostile they are located in a position from which all the troops in this department could not dislodge them before next winter. They cannot be starved out by being surrounded, for with them would be enough elk and small game to last them for years.

Belle of Memphis Is Safe.

Memphis, Tenn., July 30.—The Anchor line steamer Belle of Memphis, which was reported to have sunk, arrived here at 4 o'clock yesterday morning. She left St. Louis Friday evening at 6 o'clock, and was due here at 6 o'clock Monday morning, so that she arrived two hours ahead of time.

Depew's Mother-in-Law Dead.

New York, July 30.—Mrs. Elizt Jane Hegeman, mother-in-law of Chauncey M. Depew and widow of the late William Hegeman, died last night at the Depew residence at Dobbs Ferry. Her husband was one of the old Huguenot merchants of New York. She was the only daughter of the late George Washington Niven.

Claims He Is an American.

London, July 30.—Dr. E. C. Thompson, Middle Tyrene, announces that he will petition against the return of Mr. Munaghan to parliament on the grounds that the latter is a naturalized American citizen.

INVESTIGATE OUR BOND PLAN.

No Interest, Easy Payments, Insurance against Death
Chicago's Great Manufacturing Suburbs
60 DAILY TRAINS EACH WAY.
This property is now being sold on Easy Monthly Payments.
No Interest. \$10.00 Down, and \$5.00 per Month.
In addition to this we have a selling plan that is the most liberal ever offered in Chicago on First Class Real Estate.

Better Than

LIFE INSURANCE, BUILDING ASSOCIATION, SAVING'S BANK.

If after one-third of the lot is paid for and all payments due are made, if purchaser dies, this association will deed the lot, clear of all incumbrances, and without further payments, to any member of the family specified at time of purchase.

The history of all Chicago's suburban property points conclusively to the fact that this is a good investment, and will rapidly increase in value.

Why Not Invest Now?

New factories and the new electric line will surely and steadily enhance prices. This property under our plan is absolutely the safest investment on the market. No bank to break, value as sure to increase as the sun is to rise. Write or call and we will be pleased to give you any additional information.

TOUGH BELOIT MEN
LOCKED IN CELLSLINE CITY RIOTERS IN THE
JANESVILLE JAIL.

Tried To Rescue Thomas Hanford Who Had Been Shot and Placed Under Arrest—One of Them, Daniel Sheehan, Dangerously Wounded—Crazy Man Captured—Other City News.

WO exceedingly tough Beloit citizens are now in jail as the result of an attempt to rescue Thomas Hanford last night after Hanford had been shot and placed under arrest by Special Officer Edward Tukey. Daniel Sheehan and James Needham were the two prisoners and Needham is suffering from a severe wound in the head caused by a fall in the lock up. A party of drunken tramps from "The Willows" were making life miserable for every lady who passed them on the line last night, when Officer Tukey, who is the baggageman at the St. Paul depot and a deputy sheriff, ordered them to desist. His answer was a general attack, the tramps being armed with clubs. Officer Tukey drew his revolver and fired, the ball striking one of the assailants, Hanford, over the eye. Hanford fell to the ground and was later picked up and carried to the notorious "Blue Front" resort over the line, but in the face of threatened lynching, Tukey captured his man and holding the mob at bay with his drawn revolver, landed the man in jail. Sheriff Oliver, of Rockford, took Hanford to that city last night, and Marshal George Appleby afterwards caught Sheehan and Needham bringing them here this morning. Sheehan is suffering from a deep gash in the head caused by falling on the iron doorstep at the lockup. Last night it was thought he would die, but today he was better.

James K. Hess, a man who is about as crazy as they make them, is now occupying a cell at the Janesville jail. Hess was arrested at Orfordville yesterday by Constable Westley Jones, who brought Hess to Janesville this morning and turned him over to Turnkey Ray North. The officers think Hess escaped from the asylum of Dane county and Verona, which burned two or three days ago. He wore a shirt of the same description as supplied to the convicts, at Waupun and said he had been in about all the jails in Southern Wisconsin and Northern Illinois. He was sent to jail for five days as a vagrant and in the mean time the police will try to find out where he came from. Turnkey North was notified by telephone this morning that a store had been robbed at Cambridge, Dane county, and valuable silks and clothing taken. One hundred dollars reward is offered for the apprehension of the thieves.

Sixteen Year Old Jennie Sherwood Surprises Her Father and Mother.

Miss Jennie Sherwood is a bonnie miss of sixteen summers, a like number of winters, and worth \$15,000.

A week ago she ran away from her mother, who lives at Fairfield, in this county, and joined her father's household at Elgin.

Yesterday she ran away from her father and now she is Mrs. Morris Dean, but bonnie, sweet sixteen, possessed of \$15,000—and a husband.

Janesville people will remember Miss Sherwood as one of the witnesses in a prosecution for assault and battery before Judge Phelps some weeks ago. This case was a part of a legal "double-header" that kept Judge Phelps and Justice Prichard busy at the same time. Mrs. Sherwood, the mother of Miss Jennie, or rather Mrs. Jennie, lives on a farm near Fairfield, but visits Janesville frequently.

She has three daughters—two beside Jennie—who are heirs to quite a comfortable slice of the big Ed. Cheesbro estate. One of the girls married last year against the maternal wishes, and there has been red pepper in the household ever since.

ALL KINDS OF RACES
AT THE COUNTY FAIR

SPEED PROGRAM IS ESPECIALLY ATTRACTIVE.

Besides the Purses for Trotters and Pacers, The Running Horses, Bicyclists and Chariot Ponies Will Have an Inning—Bill Posters Start Out in a Few Days.

"The biggest fair ever held in Rock county."

Secretary D. W. Watt tells you that if you ask him what to expect next September.

Within a day or two the bill posters will commence their work and the whole surrounding country will be thoroughly covered. The lithographs this year are the finest ever used and there are more of them. They range from large streamers that "he who runs may read" to small but artistically prepared copies of oil paintings, etc., and all are lettered with matter laudatory of the big show.

There are many sizes and shapes of lithographs and all are very attractive. Secretary Watt is now securing attractions and is flooded with letters from men who walk rails go up in balloons, eat carpet tacks or swallow swords. All kinds of "specialists" want to turn an honest penny by exhibiting their skill. One letter came from Buffalo Bill who expected to show the populace what he could do with a repeating rifle, but as yet no arrangements with him have been made.

The Speed Program Is Good.

The speed program is especially good and includes two running events. The "bang tails" will be a new feature to the fair goes as running races have been seldom seen in this city. The prizes are also quite liberal and the program in the department has been arranged as follows:

WEDNESDAY, SEPT. 11.
2:35 class trotting, purse.....\$ 300
2:25 class trotting, purse.....30
2:15 class trotting, purse.....300
THURSDAY, SEPT. 12.
2:40 class trotting, purse.....250
2:19 class pacing, purse.....300
Running race, mile heats two in three, purse.....100
FRIDAY, SEPT. 13.
2:30 class trotting, purse.....300
2:20 class trotting, purse.....30
2:13 class pacing, purse.....300
Running race, half mile heats, two in three, purse.....100

In addition to this programme, there will be a number of bicycle races, for which prizes aggregating \$100 in value will be given. The bicycle races will be sanctioned by and under the management of the L. A. W., and doubtless they will be quite a feature of the week.

Chariot Race Each Day.

Another new feature, will be the pony chariot races, for which arrangements have just been made. There will be one and perhaps more races each day and they are said to be especially entertaining contests. H. E. Bishop of Beloit is the originator of this idea, and his proposition was accepted. Mr. Bishop runs a large pony stock farm near the Line City, and has trained a number of the animals for this work. He will come to Janesville with fifteen of his fastest animals, and his chariots and harnesses are all new. Mr. Bishop calculated to make a circuit of the southern Wisconsin fairs, and Janesville will be his first start. It is early yet for the entries to begin to come but with the friendly spirit that it exhibited to the managers, and the attractions they have secured, there can be but one result, and that is, as Mr. Watt says, "the biggest fair ever held in Rock county."

SISTER MARY COLUMBA DEAD

Had Been Connected With St. Joseph's Convent For Fifteen Years.

Sister Mary Columba, known to the world as Johanna Holland, died at St. Joseph's convent at 6 o'clock this morning, of dropsy of the heart. Sister Columba has been connected with St. Joseph's convent for the past fifteen years. The funeral will be held at St. Patrick's church, at 9:30 o'clock Thursday morning.

Deceased was born at Castleton, Berhaven, County Cork, Ireland, on May 3, 1855. She joined the Sisters of Mercy, in this city, in May, 1882. Fortified and consoled by the rites of that church which she had loved with Celtic devotedness; full of confidence in her heavenly Father, whose service had been the end, aim and object of her life, and surrounded by the prayers of her sorrowing sisters in religion, she passed peacefully and happily to her reward. May her pure soul find eternal rest in the bosom of that God whom she so well and faithfully served during her short but full religious career.

CYCLERS OUT ON LONG TRIPS

S. H. Curran and C. H. Conrad Leave Janesville to Continue A Run.

Two Chicago cyclists, S. H. Curran and C. H. Conrad who have been guests of Mr. and Mrs. W. B. Conrad have left on their wheels for the Dells, traveling via Evansville and Madison. After a short visit to Kilbourn City they will ride to Portage, visiting the several lakes, until they reach Milwaukee and following the lake shore from there home. In all they will cover seven hundred miles. J. N. Klock and R. C. Eiseley of Owosso, Mich., stopped over night at the Hotel Myers. They are out for summer's sport and since the first of May have traveled through central and southern Wisconsin and northern Illinois. They left this morning for Beloit and expect to reach home late in August.

FEAR FATHER WARD
WILL BE A BISHOPBELOIT DREADS LOSING THE
STALWART PRIEST.

Visit of Bishop J. B. Cotter of Winona Responsible for the Story—No Reliance Placed in the Rumor By Those Who Are in a Position to Know.

Father M. J. Ward of Beloit, is slated for a bishopric, by the Beloit News. The story of his prospective elevation is based on a visit from Bishop J. B. Cotter of Winona and Dean Kinsella of Shullsburg. Beloit Catholics point out that bishops seldom visit priests outside of their own dioceses unless on business of the utmost significance. Several important sees in the west are vacant and the News says it believes firmly that episcopal honors have been offered the Beloit priest and that he is considering the offer. A reporter questioned Father Ward and he said: "Oh, my head is so high up that none of the authorities can reach it to put on a mitre."

Beyond this he would say nothing. As a matter of fact Bishop Cotter came to the state to attend the summer school in Madison. If every Wisconsin priest he visited is to be given a see, the supply of bishoprics will run out very shortly. Beloit would regret losing her stalwart priest, but is not likely to meet that emergency at present.

CITY ROLLER BOUGHT FOR \$2850

Will Be Shipped From Buffalo, and Should Be Here in Two Weeks.

An order for Janesville's steam roller will be sent by Chairman Hemming, of the highway and bridge committee, this evening. The Pitts roller, made in Buffalo, has been decided upon. This weighs fifteen tons when supplied with coal and water, runs with a double engine and carries fuel for half a day. The rollers can be armed with steel teeth for tearing up old roads when desired.

With the roller is included a harrow and a breaking plow. The roller engine can be uncoupled and used to run a stone crusher. According to the list the roller is worth \$3,500, but Janesville will pay \$2,850, and will get a week's trial before buying. Two weeks must elapse before the roller can be delivered, as it will be shipped from Buffalo.

'ALL SOULS' The Peoples Church.

How is This? ALICE CARL'S CREED.

I hold that Christian grace abounds Where charity is seen; that when We climb to heaven, 'tis on the rounds Of love to men.

I hold all else, named piety; A selfish scheme, a vain pretense; Where center is not, can there be Circumference?

'Tis not the wide Phylactery, Nor stubborn fact, nor stated prayer; That makes us saints; we judge the tree By what it bears.

And when a man can live apart From works, on theological trust, I know the blood about his heart Is dry as dust."

OUTING COSTUMES.

Bathing Suits Made For Show—Sleeves For the Wheel.

There seems to be a growing tendency toward elaboration in bathing wear, and few things could be sillier, unless indeed it be the fact that most of these variety stage costumes which excuse their existence by the transparent fiction that they are bathing gowns are meant never to be touched by moisture at all. The frills and platings would be ruined by the first

TENNIS SUIT.

splash, while the weight of so much wet material would impede all action in the water. The custom of posing on the beach in a sham bathing gown, worn with French corsets and high heeled shoes, is both nonsensical and ill bred, and this feature of American seaside resorts distinguishes them unfavorably from European ones.

The fashionable voluminous sleeve is decidedly out of place on a bicycle, where the breeze created by the rapid motion alternately inflates it like the balloon for which it is named and sets it flapping. On a wheel, as on a horse, the clothing should set close and firm and offer as little resistance to the wind as possible.

Yachting suits are made with a plain, rather short skirt and a sort of glorified pea jacket, which fits closely behind and has bouffant sleeves, but is short pocketed and appropriately double breasted.

Some of the new bathing suits are made with exceedingly full bloomers, gathered in at the knee, and no skirt at all. This is a rather good idea, especially for swimming, for the bathing skirt is always in the way when it is wet, winding and clinging in spite of all attempts to keep it straight. The bloomers, being fastened at the lower edge, are compelled to be comparatively orderly.

Some of the new models for tennis gowns show a tight bodice with a basque, but the blouse is more satisfactory for active players. The sketch shows a tennis costume which is of lightweight steel gray wool, stitched around the foot. The blouse is of blue and white checked silk and has three lengthwise plaits. The ample sleeves are gathered into cuffs. A blue silk belt is fastened with a gold buckle. The blue straw sailor hat is trimmed with white ribbon.

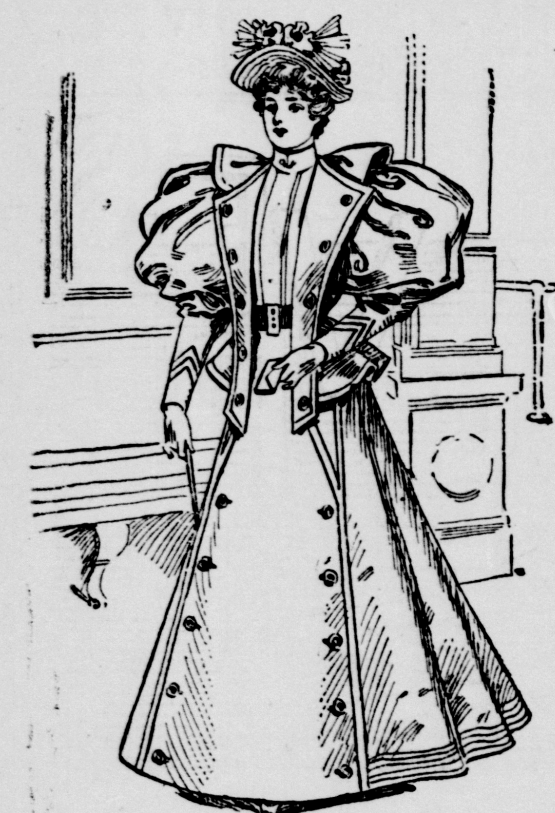

JUDIC CHOLLET.

BODICE TRIMMINGS.

Becoming Parasols—Marie Antoinette Fichus In Lace and Muslin.

A bodice garniture of butter colored lace and dresden ribbon is made with a perfectly plain collar of the lace, a square yoke and shoulder ruffles plaited exceedingly full. A vandyke edging of the lace falls over the bust and is headed by a band of the dresden ribbon, which turns at the corners of the yoke and extends up to the shoulder, ending in enormous upright bows and loops.

One may have a parasol absolutely plain or trimmed to the verge of absurdity with puffs and ruffles and ribbons and be quite in fashion. A style as pretty as any is a plain silk, with a very full ruffle of lace at

TRAVELING GOWN.

the edge. There is no way to improve upon this, and it is unquestionably the most becoming of all models, as it makes a charming background for a pretty face and softens the irregularities of an ugly one.

Marie Antoinette fichus are a pretty finish for summer gowns of organdie, muslin and nainsook. They are usually edged with a double ruffle of lace or of the thin goods of which they are made. This fluffy style of bodice is of course only suitable for slender figures and women with long necks. A short neck is a great defect in a woman's beauty, and great care should be taken by short necked women to keep all bouffant trimming away from the throat and to wear nothing which increases the height of the shoulders. The more sloping the latter can be made to appear the longer the neck will seem to be. The contrary rule holds good in regard to women whose necks are too long, although this latter defect is preferable to the former one. A long neck has always been held an attribute of beauty in a woman.

A sketch shows a useful gown of beige cloth. The back of the godet skirt is ornamented with rows of stitching at the foot, while the seams of the tablier are strapped, and the tablier itself is buttoned down with pearl or light horn buttons. The jacket has a short ripple basque and pelerine, and the revers are adorned with buttons like those on the skirt. Underneath the jacket is worn a plaited chemisette of pink batiste. The gigot sleeves have strapped cuffs, and the belt is of leather fastened by a silver buckle.

THE best investment

in real estate is to keep buildings well painted. Paint protects the house and saves repairs. You sometimes want to sell—many a good house has remained unsold for want of paint. The rule should be, though, "the best paint or none." That means

Strictly Pure

White Lead

You cannot afford to use cheap paints. To be sure of getting Strictly Pure White Lead, look at the brand; any of these are safe:

Narcoti-Cure

CURES THE TOBACCO HABIT
IN 4 TO 10 DAYS
OR MONEY REFUNDED.

Use All the Tobacco You Want Till Your "Craving" is Gone.

Narcoti-Cure is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in four to ten days. It leaves the patient in better health than before taking, and is warranted free from all injurious ingredients.

Narcoti-Cure is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

Narcoti-Cure is sold at the uniform price of \$5 a bottle, and one bottle cures.

Money refunded if a cure is not effected when taken according to directions.

Gentlemen:—Replying to yours of the 1st would say that I have used tobacco for 46 years and of late have consumed a 10 cent plug a day, besides smoking considerably. I commenced to use tobacco when I was only 11 years old, and have never been able to give up the habit until I took Narcoti-Cure although I have tried other so-called remedies without effect. After using your remedy four days all "hankering" for chewing disappeared and in four days more smoking became unpleasant. I have no further desire for the weed, and experienced no bad effects, whatever. I am gaining flesh, and feel better than I have for a long time. To all who wish to be free from the tobacco habit I would say use Narcoti-Cure.

Yours truly, W. N. WAITE.

If your druggist is unable to give you full particulars about NARCOTI-CURE, send to us for Book of Particulars free, or send \$5 for a bottle by mail

SPORTS ON SHIPBOARD.

Amusement Afforded to Seafarers by the Tricks of a Ventriloquist.

"Steamship passengers frequently resort to practical jokes to relieve the monotony of voyages," said a retired sea captain to a San Francisco Post reporter recently, "and while the pranks as a rule, are perfectly harmless, they sometimes have a boomerang effect. Three years ago we were crossing the Atlantic and both the owners and myself were exceedingly anxious to make a speedy trip, as a rival liner had the week before lowered the record held by our company. On the third day out, just about dusk, the cry of 'Man overboard!' rang through the ship, and a hurried investigation elicited the information that several of the passengers had heard a splash, followed by piteous appeals of 'Help! help—save me!' The engines were stopped and the steamer put about, a close watch being kept meanwhile for the drowning man. A half hour was spent in cruising about without results, and we started on our journey under the belief that the poor fellow had gone to the bottom. The inquiry that followed proved puzzling. No one was missing, and we came to the conclusion that a stow-away had committed suicide. The next day, however, an explanation came. We had a ventriloquist aboard, in the person of a very smart young man, who was too tickled over the success of his joke to keep the secret. Then the laugh was on him. As he had caused a serious delay and much annoyance I notified him that I had made an official entrance of the circumstance on my log and the loss of time, and that on approaching shore I would detain him until a sufficient guarantee had been put up that he would answer in court to reply to a demand for financial restitution. I talked of \$50,000 being the penalty under the government mail contract, and it is needless to say he spent the balance of the voyage on tenter hooks. He disappeared before we docked, leaving his baggage behind."

Resisting Arrest.

A police officer was under cross-examination in the police court yesterday, says the San Francisco Post. The defendant was charged with using vulgar language, battery, disturbing the peace, drunkenness and resisting an officer.

"You put the handcuffs on this man, didn't you?" asked the attorney for the defense.

"Yes, sir."

"Why did you do that? Was he resisting or attempting to escape at that time?"

"No, sir."

"He was walking along quietly enough, wasn't he?"

"Yes."

"Then why did you handcuff him?"

"He was using vulgar language."

"But why did you put those things on his wrists?"

"I couldn't put them on his mouth."

"What did he do then?"

"He tried to run."

"And what did you do?"

"I broke his jaw for him."

"Why did you break his jaw?"

"Well, I couldn't break his leg, could I?"

"Then, as I understand it, you put handcuffs on him to keep him from using vulgar language, and broke his jaw to keep him from running."

"Yes, sir; that's right; that's what I did."

"Did the handcuffs stop his vulgar language?"

"That's what they did."

"How?"

"Well, he's deaf and dumb, and he was swearing with his fingers."

"Did breaking his jaw stop his running?"

"Yes, sir. When he came to he was where he couldn't run."

Age of the Earth.

In a recent lecture before the Glasgow Philosophical society, Lord Kelvin discussed the thermal conductivity of the rocks. He said that there was a definite limit to the age of the earth, and that this might be gathered by measuring the temperature underground. He argued that the earth was 100,000,000 years old, while Prof. Perry said in a recent article that it was 400,000,000 years old. For his own part, he believed that it was certainly less than that time since the earth consolidated so as to give its present temperature, which, on the average, was one degree Fahrenheit per fifty feet of descent in a bore.

Everything which had been learned had rather gone to reduce the age of the earth from the larger limit. The conductivity of the earth diminished with temperature, and did not decrease with temperature. In concluding Lord Kelvin said it was impossible, scientifically, that the time since the earth consolidated could be as much as 500,000,000 years ago, or 1,000,000,000 years ago.

Eat and Be Happy!

Nobody can do this who has dyspepsia. Even a light meal, eaten with relish, inflicts more or less torture upon the wretched victim of indigestion. But why allow one's self to be thus victimized when success in the shape of Hostetter's Stomach Bitters can be summoned? If you are going to any locality—a remote country farm house, or new settlement, for instance, where it is not readily procurable, provide yourself in advance with an adequate supply. An unaccustomed diet is very apt to produce dyspeptic qualms, so is brackish water aboard ship and the eating of acid fruit. Forestall further encroachment of the complaint with this superb and genial corrective and preventive. Heartburn, sour eructations, biliousness, constipation, malaria, rheumatism and kidney trouble promptly succumb to the onslaughts of this vanquisher of bodily ailments and restorative of vigor.

I Don't Get Any Vacation This Summer.

I was informed when I came that tailors never made expenses here in summer—that everybody went fishing or put their feet upon the safe so no one would steal it—and took a comfortable snooze about ten hours each day. Of course I had to accept the information as a fact. But I am one of those kind of fellows who must "GO TO SEA" for myself;—IT ISN'T SO.

D. 1894, in favor of the above named plaintiff and against the above named defendants, I shall offer for sale and sell at public auction to the highest bidder, at the front door of the post-office in the city of Janesville, Rock County, Wisconsin, on the eighth (8) day of July A. D. 1895, at the hour of ten (10) o'clock a. m. of that day, the following described lands and premises in and by said judgment of foreclosure directed to be sold, situated in the city of Janesville, Rock County, Wisconsin, and described as follows, to-wit: Lots numbered five (5) and six (6), in Carrington's Addition to the city of Janesville, according to the duly recorded plat thereof. Lot numbered nineteen (19) in Glen Etta addition in the city of Janesville, according to the duly recorded plat thereof and appurtenances thereunto belonging, or to which thereof as may be sufficient to satisfy said judgment with interest thereon, costs and solicitor's fees, together with costs of sale.

WM. H. APPELEY, Sheriff Rock County.
HENRY S. SLOAN, Plaintiff's Attorney.
The above advertised sale is hereby adjourned until the 13th day of Aug, 1895, at 10 o'clock a. m. at the front door of the post-office in the city of Janesville, Rock County, Wisconsin.
WM. H. APPELEY, Sheriff Rock County.
